#### \*Specialty class

Due to limited space, this class requires signing-up at the front desk prior to class

#### **CLASS DESCRIPTIONS**

ABC Yoga (Asanas and Breathing for Children)\*: Little yogis are invited to this 30 minute class where we'll learn poses and breathing techniques, play games, and practice mindfulness together – and of course, have a whole bunch of fun in the process. We'll practice barefoot or in our shoes and you're free to bring your own mat or use one of ours. A comfort item (blankie or stuffed animal) can be brought for final meditation. We'll meet in the playcenter and walk to the studio together, then come back to the playcenter when we're done. Kids who are already on their parents' membership are free and everyone else (members and non-members) can come for just \$5/class!

**Aerial Hammock\*:** This class uses the aerial hammock for conditioning exercises, flexibility stretches, and skill building, including yoga and aerial poses, sequences, and inversions to increase overall health and physical agility while having fun and creating beauty. Students will work at their own pace and advance to more difficult moves as they become stronger. *Not recommended during pregnancy. Please consult your physician. Please bring your own yoga mat.* 

**Aerial and Hoop Skills\*:** An acrobatic fitness fusion class that will lift you off the ground and get your heart pumping. This challenging art form builds unparalleled upper body and core strength, kinesthetic awareness, coordination and confidence. A dynamic warm-up leads to light stretching, skill-building including climbs, footlocks, poses, sequences, and inversions.

Class concludes with a yoga-inspired cool down and flexibility work. Content will be dependent on experience level of those in attendance. An aerial hoop (lyra) may be used as an option for conditioning. *Not recommended during pregnancy. Please consult your physician. Please bring your own yoga mat. Participants ages 10-13 must have parent sit outside studio during class.* 

Aerial Skills\*: An acrobatic fitness fusion class that will lift you off the ground and get your heart pumping. This challenging art form builds unparalleled upper body and core strength, kinesthetic awareness, coordination and confidence. A dynamic warm-up leads to light stretching, skill-building including climbs, footlocks, poses, sequences, and inversions. Class concludes with a yoga-inspired cool down and flexibility work. Content will be dependent on experience level of those in attendance. Not recommended during pregnancy. Please consult your physician. Please bring your own yoga mat. Participants ages 10-13 must have parent sit outside studio during class.

Aerial Yoga\*: Aerial yoga is a type of yoga utilizing a fabric hammock as a tool to help students achieve traditional yoga poses. Increase overall health and physical agility while having fun and creating beauty. No experience necessary. *Not recommended during pregnancy. Please consult your physician.* 

**Barre\*:** A low impact workout utilizing the ballet barre that focuses on cardio, strength and flexibility in a fun and high energy class! No heat will be added.

**Barre Fitness\*:** A 55-minute full body workout that will lift your heart rate (and your mood) with exercises set to fun music in a supportive and high-energy environment. The class will blend cardio, strength training, balance work and core conditioning in a total body workout that targets the hips, glutes, abs and arms. No heat will be added. (Express = 45 minutes)

**Chair Yoga\*:** This is a gentle class with the *option of using a chair*, incorporating range of motion exercises, alignment, stretching, strengthening, awareness, breathing and relaxation to refresh, energize, improve posture, deepen breathing and improve sense of well-being. This is a safe and slower-moving class designed for seniors and people of all ages with physical challenges or those who might be recovering from an injury.

**Embodied Empowment Yoga\*\*:** This gentle, empowering practice allows us to learn how to free troubling emotions, persevering thought patterns, chronic somatic tension and hyper-vigilance through concentrated breathing and slow-moving asanas, as well as meditation and mindfulness exercises, in a safe and trusting environment. \*\* Free of charge to those with a military ID

**Fusion Hot 90\*:** This sequence of postures is designed to work the whole body; muscles, joints, glands and all internal organs. It offers the perfect mixture of strength and flexibility training to allow you to take your functional fitness to the highest level possible. The dynamic internal and external health benefits you will receive will astound and empower you. You will be guided through a series of held postures to build strength, a flow sequence that will get your heart pumping, and a core and flexibility section to create complete harmony through your entire body. The room will be heated to 100+ degrees at 40% humidity to heat the body inside and out, to increase flexibility, release toxins, increase calorie burn and improve cardiovascular function for a total mind and body experience. Red light near infrared bulbs are used. The class is 90 minutes with an option leave at the 60-minute mark. *Not recommended during pregnancy. Please consult your physician.* 

**Fusion Hot 75\*:** This practice uses the same sequences as Fusion 90 with the exception of 1 round (rather than 2) of the standing strength postures. You will flow through the same vinyasa sequence, enjoy 25 minutes of core and flexibility training and end with a savasana. *Not recommended during pregnancy. Please consult your physician.* 

**Fusion Hot 60\*:** This practice utilizes the same sequences from Fusion Hot 90 with the exception of 1 round (rather than 2) of standing strength postures and includes the fully vinyasa flow as well as 10 minutes for core, stretch and a short savasana. *Not recommended during pregnancy. Please consult your physician.* 

**Hot Barre\*:** This barre inspired workout is one of the fastest, most effective ways to burn calories and get toned! Yes, Hot Barre is centered around a ballet barre and inspired by the workout routine by ballet legend Lotte Berk, but the barre is simply there to provide stability, balance and support as you move through exercises that target the core, glutes, arms and legs. No dance experience necessary, you just need to know these three numbers: 95 degrees, 45 minutes, 800 calories! *Not recommended during pregnancy. Please consult your physician.* 

**Hot Pilates\*:** A low impact, full body workout that focuses on core strength and stability with an extra spotlight on flexibility utilizing the benefits of the 95 degree room with our near infrared red lights. You will utilize light weights/bands in addition to your body weight for muscle toning and overall body strength. You will learn to experience the intricacies of muscle movement and firing the proper muscles for each exercise. Additional stretching at the end of class will help release tension from your day. *Not recommended during pregnancy. Please consult your physician.* 

Hot Sculpt Flow\*: Boost metabolism and build lean muscle mass as you flow. You'll combine free weights with yoga sequencing and cardio to intensify each yoga pose while mixing in strength-training moves like squats, lunges and bicep curls. Room will be heated to 95 degrees and taught under our near infrared red lights. *Not recommended during pregnancy. Please consult your physician.* 

Intro to Aerial Skills\*: A beginner class for those wanting to learn about aerial skills! This challenging art form builds unparalleled upper body and core strength, kinesthetic awareness, coordination and confidence. A dynamic warm-up leads to light stretching, skill-building including climbs, footlocks, poses, sequences, and inversions. Class concludes with a yoga-inspired cool down and flexibility work. Not recommended during pregnancy. Please consult your physician. Please bring your own yoga mat. Participants ages 10-13 must have parent sit outside studio during class.

**Pilates\*:** A low impact, full body workout that focuses on core strength and stability using body weight and light barbells/bands for ideal results. You will learn to experience the intricacies of muscle movement and firing the proper muscles for each exercise. Expect toning over all parts of the body with specific results in the midsection.

**Radiant Yoga\*:** Strike a balance of breath, postures and flow in a room heated to 95-100 degrees with radiant heat to create 'tapas' (healing for your body, mind and spirit). Come to this class to cleanse your body, length and strengthen your muscles, and calm and sooth your mind. This practice may include strength postures as well as arm balances. Come strike a pose! *Not recommended during pregnancy. Please consult your physician.* 

**Red Light Gentle Yoga\*:** A harmonious fluidity of movement and breath. We begin with centering and gentle warm up exercises and then build progressively with postures that lengthen and tone all the major muscle groups. Modifications and props are incorporated to support alignment and progression. The room will be heated to 85 degrees with radiant heat to create a safe and gentle environment for strength and flexibility, and we will utilize our red light near infrared therapy.

**Red Light Yin Yoga\*:** Yin yoga is a slow-paced style of yoga that uses specific asanas (postures) that are held for longer periods of time, typically from 1 minute to five minutes or more, depending on the posture. These postures access deeper layers of the fascia, promoting essential balance in our mental and physical bodies. This class will be taught under our red light near infrared bulbs, bringing a gentle warmth.

**Restorative Yoga\*:** In this stressed out world we live in, it's so important to restore the parasympathetic nervous system. This practice is all about slowing down and opening your body through passive stretching, breath work and meditation. Bring any and all materials you'd like to aid in comfort. Blankets, bolsters, and blocks provided.

**Rowga\*:** A full-body fitness experience, combining rowing and yoga. Training our strength and cardiovascular systems, and increasing mobility, flexibility, and the mind-body-breath connection. Please bring your own yoga mat.

Sculpt Flow\*: Boost metabolism and build lean muscle mass as you flow. You'll combine free weights with yoga sequencing and cardio to intensify each yoga pose while mixing in strength-training moves like squats, lunges and bicep curls.

**Studio Barre\*:** A fast and effective way to change the shape of your body. The use of a ballet barre and small isometric movements, along with stretching, allows your body to become more lifted, toned, and lengthened.

**Total Body Row (TBR)\*:** TBR is a full-body workout. Rowing uses 85% of the muscles in the body and challenges the core with every stroke. During class we will not only row, but also perform strength training and mobility work off of the rower, using any combination of plates, bodyweight, TRX and kettlebells.

**TRX/Kettle\*:** A fun, full-body workout, this class uses Total Resistance Exercise straps and the dynamic movements of kettlebell training to create strength and mobility while lifting the heart rate!

Yin Yoga\*: Yin yoga is a slow-paced style of yoga that uses specific asanas (postures) that are held for longer periods of time, typically from 1 minute to five minutes or more, depending on the posture. These postures access deeper layers of the fascia, promoting essential balance in our mental and physical bodies.

**YogaSculpt\*:** A 45 minute heated class that unites muscle and yoga, combining hand weights and cardio for a great calorie burn! YogaSculpt is designed to strengthen, lengthen, and sculpt muscles, while focusing on alignment, mindfulness, and breath awareness. You'll leave feeling connected, strong, and refreshed! This class will be heated to 95-100 degrees and taught under our red light near infrared bulbs.
